

TABLE OF CONTENTS

	Page
1.0 Introduction.....	1
2.0 Definitions	2
3.0 Electric Services Available	3
4.0 General Requirements	3
4.01 Application for Electric Service.....	3
4.02 Extension of Company's Facilities.....	3
4.03 Requirements for a Residential Structure to be Considered a Permanent Installation	3
4.04 Installation and Responsibility.....	4
4.05 Customer Alterations and Additions	4
4.06 Requirements of Electrical Inspection	4
4.07 Swimming Pool Location.....	5
4.08 Buildings/Structures Near Electric Lines	5
4.09 Attachments on Company-Owned Facilities.....	5
4.10 Requested Protection for Persons Working near Company Facilities.....	5
4.11 Access to Customer's Premises.....	5
4.12 Company's Equipment on Customer's Premises.....	5
4.13 Company's Responsibility	5
4.14 Right to Refuse or Discontinue Service.....	5
4.15 Stand-by Generator Service.....	6
4.16 Transformer Vaults	6
5.0 Overhead Service Requirements (600 Volts or Less)	6
5.01 General	6
5.02 Service Drop.....	6
5.03 Service Entrance	7
5.04 Connections Between Company's & Customer's Facilities	7
5.05 Permanent Overhead Service Installations.....	8
5.06 Temporary Overhead Service Installations.....	8
5.07 Mobile/Manufactured Home Overhead Service Installations	8
5.08 Recreation Vehicle Service Installations	8
5.09 Central Distribution Service Installations (Farm Pole).....	8
5.10 Small Non-Residential Service Installations	8
5.11 Overhead Services in Excess of 600 Volts.....	8
6.0 Underground Service Requirements (600 Volts or Less).....	9
6.01 General.....	9
6.02 Service Lateral (Residential)	9
6.03 Service Lateral (Commercial or Industrial)	10
6.04 Service Entrance	11
6.05 Connections Between Company's & Customer's Facilities	11
6.06 Permanent Underground Service Installation	11
6.07 Temporary Underground Service Installation	11
6.08 Mobile/Manufactured Home Underground Service Installation	11
6.09 Underground Service Installations in Excess of 600 Volts	12
6.10 Excavation Near Utility Underground Facilities	12

7.0 Customer Equipment.....	13
7.01 General	13
7.02 Motor Installations	13
7.03 Required Equipment Protections.....	14
7.04 Air Conditioners, Central Space heating, Heat Pumps Including Supplemental Heating Elements in Heat Pumps	14
7.05 Electric Water Heaters	
7.06 Electric Welding, X-ray, Radio, Electronic Equipment, etc.	14
7.07 Lightning and Surge Protection	14
7.08 Three-phase Converter	14
8.0 Meter Installations.....	15
8.01 General	15
8.02 Meter Locations.....	15
8.03 Meter Relocations	15
8.04 Emergency Meter Removal	15
8.05 Group Meter Installation.....	15
8.06 Transformer-Rated Meter Installations	16
8.07 Transformer-Rated Metering at Pad-Mounted Transformer	16
8.08 Metering Communications	16
8.09 Seals	17
9.0 Meter Sockets	17
9.01 General	17
9.02 Company-Furnished Meter Sockets	17
9.03 Customer-Furnished Meter Sockets	18
9.04 Meter Socket Repairs/Replacements	18
9.05 Meter Socket Specifications.....	18
Fax Applications for New Electric Service	
Fax Cover Sheet.....	65
New Residential Electrical Service	67
Upgrade Residential Service	68
New Non-Residential Electrical Service.....	69
Upgrade Non-Residential Service.....	70
Motor Specifications	71
