

How a little decision now
can mean big savings later.

Save electricity before and after rate caps expire.

With rate caps expiring at the end of next year, and electricity prices on the rise, now is the time for every family to conserve energy. And our Watt Watchers program can help by providing information about energy-efficient products and other ways to save electricity. For more ideas about controlling the size of your electric bill, call 1-877-928-8928 or visit alleghenypower.com.

Just a few ways to save money and energy at home.

- Use a power strip to turn off electronics overnight.
- Install a programmable thermostat.
- Buy ENERGY STAR® lighting and home electronics.
