

**GENERAL SERVICE RATE  
SCHEDULE "B"**

AVAILABLE through a single meter point for service to general service Customers with normal maximum electrical requirements of 10 kW or less per month. When a Customer being served under this Schedule establishes or exceeds a normal maximum electrical requirement of 10 kW per month, the Customer will be placed on the appropriate general service Schedule. Service shall not be available for standby or maintenance service such as that required for Alternative Generation Facilities.

**MONTHLY RATE**

Customer Charge - \$ 4.00 per month

Energy Charge

- (I) First 400 kilowatt-hours..... \$0.09122 per kilowatt-hour
- (I) All additional kilowatt-hours ..... 0.08088 per kilowatt-hour

**MINIMUM BILL**

The minimum bill per month shall not be less than the Customer Charge nor less than \$ 2.41 per kilowatt of capacity necessary to serve the Customer. The Company may install a demand meter for connections which, in any month, are expected to exceed 25 KW demand. Also, the Company may install a demand meter on connections whose usage exceeds 5,000 kWh in any month. If a demand meter has been installed, the maximum reading of the demand meter in the previous 12 months will determine the kilowatt capacity necessary to serve. For connections without a demand meter, a kilowatt of capacity necessary to serve under this schedule shall be defined as the maximum number of kilowatt-hours used in the current month, or in any of the previous 12 months, divided by 120. If a Customer can demonstrate to the Company that his calculated demand is unreasonable, then the Company may change such demand or demands, and may elect to install a demand meter.

**LOCAL TAX ADJUSTMENT**

Within municipalities or political subdivisions which impose taxes based upon the amount of electric service sold or revenues received by the Company, as specified in Rule No. 18 of "Rules and Regulations for Electric Service," there shall be added to the total bill a surcharge equal to the percentage shown on Sheet No. 5A.

**ENVIRONMENTAL CONTROL CHARGE NORMALIZATION SURCHARGE**

An Environmental Control Charge Normalization Surcharge shall apply, as outlined on Sheet No. 5F1 of this tariff.

**ENVIRONMENTAL CONTROL CHARGE**

An Environmental Control Charge shall apply, as outlined on Sheet No. 5G1 of this tariff.

(I) Denotes Increase

Issued by Authority of an Order  
of the Public Service Commission of West Virginia  
in Case No. 08-1511-E-GI dated December 29, 2008

Issued: January 21, 2009

Issued by  
D. W. McDonald  
Vice President

Effective: January 1, 2009

**GENERAL SERVICE RATE**  
**SCHEDULE "B"** (Continued)

**TERMS OF PAYMENT**

Bills are due and payable on presentation. A late payment charge of 2% of the net bill will be added to each bill not paid in full within twenty (20) days from the date mailed.

**TERM**

A contract may be required for new Customers which require an extension of Company facilities under Company Rule 15, otherwise, no term. If a Customer discontinues service at a location and then requests service again at the same location within one year from date service was discontinued, the Customer will retain the billing history and kilowatt of capacity necessary to serve for minimum bill calculation as if the service had been continuous.

**GENERAL**

Rates and provisions are subject to "Rules and Regulations for Electric Service." Meters installed on or after April 3, 1971 are not combined for billing under this schedule.
