

**STREET AND HIGHWAY LIGHTING SERVICE RATE
 SCHEDULE "MV"**

AVAILABLE for outdoor Mercury Vapor Lighting service for streets, highways, and other public places of incorporated communities or other governmental units contracted for prior to November 26, 1997. Standard service (Items 1, 2, and 3 below) under this schedule shall be supplied from overhead lines and from Company's standard type lamps, fixtures, supporting arms, ballasts, conductors, and other appurtenances, using wood distribution poles unrestricted as to their use by Company for purposes other than street lighting. The rating of lamps in lumens is for identification and shall approximate the manufacturer's standard rating.

STREET AND HIGHWAY LIGHTING SERVICE RATE
SCHEDULE "MV" (Continued)

TERMS OF PAYMENT

Bills are due and payable on presentation. A late payment charge of 2% of the net bill will be added to each bill not paid in full within twenty (20) days from the date mailed.

AGREEMENT AND TERM

Service under this schedule will be supplied only under Company's standard form of agreement for a term of not less than 10 years.

GENERAL

Rates and provisions are subject to "Rules and Regulations for Electric Service," and the provisions of the standard agreement for municipal street lighting.

Where customer desires an installation different from the standard type described above, such as an underground or ornamental system, customer will be required to pay to Company before work is started that part of the estimated construction cost of such system which is in excess of the estimated construction cost of a standard type installation. Customer will also be required to pay Company for any additional costs required for the operation and maintenance related to this nonstandard installation. For those nonstandard systems installed prior to June 12, 1991, where an additional monthly charge was determined to pay for the nonstandard system, such additional monthly charge will continue.
