

**INTERRUPTIBLE POWER SERVICE
SCHEDULE "IP"**

AVAILABLE for interruptible power service at not less than 100,000 volt balanced three phase for loads of 5,000 kilovolt-amperes or greater to the extent that Company has capacity for such service at the point of supply. An Electric Service Agreement shall be executed.

MONTHLY RATE

Subject to negotiation and final approval of the Public Service Commission of West Virginia.

CONDITIONS

Subject to negotiation and final approval of the Public Service Commission of West Virginia.

TERM OF AGREEMENT

Subject to negotiation and final approval of the Public Service Commission of West Virginia.

GENERAL

Rates and provisions are subject to "Rules and Regulations for Electric Service."

The facilities to be provided by Company for service supplied under this rate schedule are limited to (1) a single tap line of Company's standard wood pole construction, not more than three miles in length over rights-of-way procured at normal cost, to connect customer's facilities with Company's facilities operated at a voltage above 100,000 volts, (2) such protective and control equipment as Company considers necessary at the point of connection of the tap line with Company's main line, and (3) the metering transformers and instruments necessary to measure the quantities delivered to customer through a single point of delivery.

Customer shall provide protective equipment, satisfactory to Company, at service delivery point.

The schedule is intended primarily for service to customer's operations where the entire electrical requirements are purchased from the Company. Where a part of such requirements is supplied from a source other than the Company's facilities, special contract provisions may be required setting forth the special operating and billing conditions.

Items of dispute that cannot be negotiated by the Company and potential customers will be resolved by the Public Service Commission of West Virginia.
