

STREET AND HIGHWAY LIGHTING SERVICE

SCHEDULE "SL"

AVAILABILITY

Available only for incandescent lighting installations served on June 1, 1974 for the lighting of public streets, public highways and other public outdoor areas in municipalities and unincorporated communities where service is supplied from the existing Distribution System and where the Company owns and maintains all equipment. Service will be supplied from dusk to dawn each night.

Existing fixtures will not be replaced at the end of their useful life if replacement cannot be secured through normal supply channels. The Company will be the sole judge as to the end of the useful life. The rating of lamps in lumens is for identification and shall approximate the manufacturer's standard rating.

MONTHLY RATE Type	Size in Lumens				
	1,000	2,500	4,000	6,000	10,000
	37	71	115	158	242

STREET AND HIGHWAY LIGHTING SERVICE

SCHEDULE "SL" (Concluded)

GENERAL

Service supplied is subject to the Rules and Regulations Covering the Supply of Electric Service of the Company as filed with the Commission.

The Company will supply service for underground installations, provided the Customer agrees to excavate, fill and resurface street or curbing necessary for the installation and maintenance of the underground cable.

When metal poles are used for street lighting the Customer will supply all labor and material for the installation of the concrete base according to the Company's specifications. Special equipment required for lighting bridges and subways will be installed and maintained by the Customer, except lamp bulbs, which shall be furnished and renewed by the Company. No work shall be done on Customer's equipment connected to the Company's distribution system without Company's approval.

Issued: November 27, 1996
Name Change made September 1, 1996

To become effective on
all service rendered on
or after October 3, 1985
